

SHENANDOAH HERALD

WOODSTOCK, VA.

Wednesday Aug 7th 1878.

TOWN AND COUNTY AFFAIRS.

B. & O. R. R. TIME TABLE.—On and after Monday June 10th, 1878, Trains will arrive and leave Woodstock as follows:

MOVING WEST.
Through Freight Arrives A. M. 7:51
Leaves " " 8:00
Way Freight, Arrives P. M. 2:15
Leaves " " 2:30
Passenger Train Arrives " 1:41
Leaves " " 2:05

MOVING EAST.
Way Freight Arrives A. M. 11:20
Leaves " " 11:30
Passenger Train Arrives P. M. 2:05
Leaves " " 2:30
Through Freight Arrives P. M. 7:29
Leaves " " 7:40

Through freight runs Mondays, Wednesdays and Saturdays only. All freight trains have passenger cars attached.

PRICES DOWN.—Danner & Newman have reduced the prices of plows and plow castings. Farmers look to your interest.

TO JUSTICES OF THE PEACE.—The new Acts of Assembly can be had by making application to the Clerk at the County Clerk's Office.

RANDOLPH MACON COLLEGE.—This college now stands among the first in the South. Terms moderate. See advertisement in another column.

A BIG THING.—Hughes & Burner are now prepared to furnish the Farmers of this County with the celebrated Oliver Chilled Plow. See advertisement in this issue.

STRUCK BY LIGHTNING.—The house of Mrs. Good, near this place, was struck by lightning last Thursday night. The chimney was much injured. Fortunately the occupants of the house escaped without injury.

DISTRICT SYNOUD.—Concordia District Synod will meet at Mr. Calvary, beginning Wednesday morning, to-day, and continue in session until next Tuesday. Rev. Prof. C. H. L. Schutte of Columbus, Ohio, and others will be present.

Take Ayer's Cherry Pectoral to stop your Colds, Coughs and Bronchitis. Affections before they run into Consumption that you can not stop.

VALENTINE CENTRAL HOTEL.—This hotel located in Edinburg is conveniently situated near the depot. It is a very pleasant boarding house and every effort is made to furnish guests with excellent meals, well furnished and comfortable rooms and every thing desired. Boarders, by the month, are accommodated at very liberal rates. See advertisement in another column.

Jos. Maples, of Mr. Jackson, goes up head on his wheat crop. He cut 38 acres of wheat from which he threshed 58 bushels and 29 pounds per acre. This is the largest yield yet reported considering the acreage. The land upon which this wheat was raised was bought by Mr. Maples at \$20 per acre.

We are authorized to notify the Jurors drawn for the August term of the County Court, and summoned for the first day of the term, August 12, 1878, that the cause set for trial on that day will be continued because of the sickness of important witnesses and, therefore, the attendance of the Jurors at the August, term of the County Court will be unnecessary.

STRUCK BY LIGHTNING.—Last Friday during a storm, the stable of Mr. Samuel House was struck by lightning and several of the boards torn off. The stable was full of hay and there was a horse in the lower part, but fortunately the fire did not communicate to the combustible material. The alarm of fire, however, brought out the Brigade.

STROKAL.—Mr. Hutchinson whilst engaged in getting out manganese in Powell's Fort, last week, was struck in the eye by a small spar which penetrated deeply into the substance of the eyeball, over the sight, and was put under the influence of chloroform and the foreign body dissected out by Dr. D. D. Carter, of this place. Mr. H. went home much relieved and his sight preserved.

FINE SHEEP FOR SALE.—Gen. G. S. Meem, who offer for sale on Wednesday, August 28th, a large number of thoroughbred Cotswold and Southdown sheep. His is one of the finest, if not the finest, flock of sheep in the State of Virginia. Parties wishing to improve their stock by getting the best breeders in the county should attend this sale. See advertisement in another column.

When an honest and honorable man wants his paper discontinued, he says as much to the publisher, orally or in writing, and pays his dues; but when a sneak has the same object in view, he obtains as much credit as he can, and gets the postmaster to write "refused" on the paper and send it back.—Ex.

ANSWER.—The Editor of this paper is now absent. He has gone to Staunton to spend a few days; we suppose he arrived there safely as he left here with four tags on his saddle. Poor fellow! we did all for him we could, we labeled him well before he started, and mended the looking-glass after he left.

We were all sorry to see him leave and for once the Devil kept.
We hope he will get there, right side up with care.—Shen. Valley.

CAMP MEETING.—The camp meeting of the United Brethren Church at Locust Grove is still in progress. On last Sunday a very large crowd was in attendance. At 11 o'clock, Bishop Glossbrenner preached a very able and eloquent sermon. The love of Christ was his theme. Although advanced in years his voice is yet strong and his enunciation clear and distinct. Some ten or twelve ministers are in attendance. The meeting will probably continue through the week.

SHALL WE HAVE A GRADED SCHOOL?—This question is now presented to the people of our town for an answer. Shall we continue a school by which we can educate our children at much less cost, or shall we abandon the effort and try once more to educate them by means of private schools? The latter course would be much more costly to those who would send and would deprive many of the opportunity of educating their children. For the last year the average cost of all grades has been but 81 cents for each pupil enrolled. When we consider that for pupils in the higher branches the cost, both before and since the war, has been \$3.00 per month and for the common English branches from \$2.00 to \$2.50 per month, we can readily see the difference. Many persons suppose a public school should be supported entirely by taxation. It would be well to do so, but it is sometimes impracticable. The public funds even should we receive the full amount to which we are entitled would not support a sufficient number of schools for five months. The cost of this school last year, without including contingent expenses was \$1767.50. The total amount of the corporation school tax did not exceed \$650. Aid from the Peabody fund has not yet been received, and will not exceed \$150. Tuition of pupils in the Higher Branches will not exceed \$300. Our share of the State school fund ought not to be less than \$415, but we have received only \$38, and on account of the diversion of this fund may not receive any more. From these items, it is readily seen that the Trustees must either decrease the length of session, or must ask assistance from other sources. The town council has imposed the maximum tax allowed by law. The trustees certainly cannot be expected to continue a school costing for teachers' pay alone \$1767.50, when they receive from all sources but \$1088.

One of the questions to be determined at the meeting to be held to-night is, "how can we meet this deficiency?" A committee consisting of ten gentlemen has been appointed to consider the subject and their report will be presented at the meeting to-night. A full attendance of all who are interested in maintaining a good school is very important.

Minutes of School Meeting, Aug. 3d, 1878. Capt. Jno. H. Grubbs called to the chair.
Judge Allen made a statement of the condition of the school. Supplemented by P. W. Magruder and Geo W. Wiley. On motion of Judge Allen seconded by J. H. Rodeffer, a committee of 10 citizens was appointed to devise means for raising funds to carry on the school, and to report to a public meeting at the C. H. on Wednesday, 7th inst. The committee consists of Messrs. J. H. Rodeffer, chairman, W. T. Williams, M. Geary, M. Laack, Walton, P. W. Magruder, H. M. Borman, W. H. Bargelt, H. H. Riddleberger, B. Schmitt and H. Hall. Adjourned to Wednesday, 7th inst.

ACCIDENTS.—Mr. Bemis while driving from Woodstock last Saturday, attempted to pass a team near the residence of Mr. William Keller. One of the horses of the team became frightened and started to run. The wheel of the heavy wagon caught one of the hind wheels of the wagon in which Mr. B. and his mother-in-law, Mrs. Susan Miller, were riding. The wheel was broken to pieces, the wagon upset and Mrs. Miller severely bruised. Mr. Bemis escaped without injury.

Mr. William Hottel fell from a hay mow on the farm of Mr. Elias Hottel, last week, and severely injured three ribs.

A SLENDID CROP.—Mr. Henry Burner, of this place, raised 1971 bushels of wheat on five acres, an average of 394 bushels per acre.
On 20 acres, he averaged 312 bushels per acre.

Mr. Burner is one of our best farmers, his superintendence, in person, the preparation of the ground, seeding &c. He is very industrious, never chews, smokes, or drinks, has had considerable experience not only in the management of a farm, a steam saw mill and other business but also in taking care of a large family. He is barely on the shady side of old age, but he is now classed among the old bachelors of the town. How long things will continue thus, we do not know, but we certainly think that a man as successful as he, in raising wheat and stock might well turn his attention to raising his own immediate family. A word to the wise, &c.

RAINS.—We have had fine rains within the last few days. The corn is now doing finely and there is every prospect for an excellent crop. Should the yield be what is now expected this will be the most prolific year within the recollection of many of our people. The wheat, grass, oats, rye, and early potato crops were very large. There has been an abundance of garden vegetables. With a full corn crop, we certainly will have no right to complain. We should rather rejoice that we are receiving so much more than we really deserve.

BOTTLED BEER—A NEW SPECIALTY.—I offer the best bottled beer ever sold in Woodstock, and from this date forth will make it a specialty, guaranteeing it of the very best quality. Families and invalids supplied at short notice. Sold at the very reduced price of \$1.00 per dozen.

M. GEARY.
"A Stitch In Time Saves Nine." Disease in various forms is superinduced by the existence of worms in children and adults. Shriver's Indian Vermifuge will destroy and expel them, thus removing the cause, saving both life and money. For sale by Dr. J. S. Irwin & Son.

The Charlottesville Chronicle says:—"The Conservative party of Rockingham is sadly afflicted with the Paul-evil."

MILITARY.—The West Augusta Guards have declined to accept the invitation to visit the Miller School in company with the Charlottesville Guards on the 6th of August. There is a proposition on foot to have an encampment of the Valley military, as a battalion, at either Orkney or Rawley, The Winchester Company and the West Augusta Guards are in favor of Orkney, and the Harrisonburg Company want to go to Rawley. It has not yet been decided at which place they will hold their encampment but we hope they will determine upon some place where the Valley military can meet together for a week or ten days, and become acquainted with each other, and unite closer together the bond of friendship and acquaintance, which should bind them together and build up the esprit de corps which should exist among the Valley Companies.—Staunton Spectator.

The will of the late Mr. Charles Mathews, the actor, has just been proved by his widow, the sole executrix, to whom he leaves all his property. The personal estate is sworn under \$100,000.

A REMARKABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of people who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds, Whooping Cough, &c., who have no personal knowledge of Boche's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America. For Sale by Dr. D. D. Carter & B. Schmitt, Woodstock, Va.

"TRIAL BOTTLES 25 CENTS."—In order that all may test the great virtues of Dr. Swayne's Compound Syrup of Wild Cherry we have issued trial bottles at 25 cents. No family should be without this valuable medicine, as often-times a single 25 cent bottle will cure a recent cough or cold, and thus prevent much suffering and risk. It also cures asthma, bronchitis, liver complaint, and enriches and purifies the blood, giving tone and strength to the entire system.

ASTHMA AND DISTRESSING CURE CURED.
My mother was a great sufferer from asthma; could not sleep; her symptoms became very alarming; short breath, pains and oppression. Dr. Swayne's Compound Syrup of Wild Cherry gave her immediate relief, and in a short time restored her to good health. H. MEYER, Grocer, 17th and Carpenter sts., Philadelphia.
Price: Trial bottles, 25 cts.; large size \$1, or six for \$5. A single 25 cent bottle will often-times cure a recent cough or cold, and thus prevent much risk and suffering. Sold by Dr. D. D. Carter, Woodstock.

AN ASTONISHING FACT.—A large proportion of the American people are to-day dying from the effects of Dyspepsia or indigestion. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for ten cents to try. Three bottles will relieve the worst case. Positively sold by all Druggists in the Western Continent. For sale by Dr. D. D. Carter & B. Schmitt, Woodstock Va.

SEARCH NO MORE—"ITCHING PILLS," perspiration, intense itching, particularly when undressing or after getting warm in bed, increase by sweating, might think pin worms were crawling in and about the rectum, oftentimes shows itself around the private parts. A pleasant and safe cure in every case is "Swayne's Ointment." It allowed to continue, very serious results may follow. It also cures tetters, barbers, itch, scald head, ring worm, blotches, all scaly, crusty, itchy skin eruptions. Sent by mail to any address on receipt of price, 50 cents a box, or three boxes for \$1.25, by Dr. Swayne & Son, Philadelphia. Sold by all leading druggists. In Woodstock by Dr. D. D. CARTER.

MARRIED.
On Aug. 1st, by Elder E. B. Shaver, Mr. William A. Hookman and Miss Joanna B. Copp, both of this county.

DIED.
On the 31st ult., at his residence in the Barn Street, of hardy constitution, Mr. Martin Brill, in about the 65th year of his age.
